

PRESBYTERIAN HOMES

OF KENTUCKY

The Presbyterian Homes of Kentucky community functions as one team, bound by our shared mission and vision. Having grown out of the rich heritage of the Presbyterian Church (U.S.A.), we opened our first community in 1947. Though the current ministry is independent of any denomination, and welcomes people of all backgrounds, the operations of Presbyterian Homes continue to reflect the same values that have made us who we are.

Why do we do what we do?

Our Mission

As an inclusive and diverse organization, we build community by ***caring for one another with compassion and service***, making room for all.

Our Vision

- Residents.** Foster the highest quality of care and life for residents to enrich their lives.
- Employees.** Work together to serve our residents and one another with kindness, courtesy, and compassion, and to compensate each one fairly.
- Partners.** Develop a network of collaborative partnerships to enrich our community and strengthen each partner.
- Advocacy.** Promote options for seniors that encourage fullness of life, no matter the age or ability.

Our Values

- Excellence.** We commit to exceed expectations and use our resources effectively.
- Compassion.** We commit to serve with kindness and grace.
- Dignity.** We commit to respect each life as sacred.
- Diversity.** We commit to embrace and celebrate our differences.
- Integrity.** We commit to fairness, honesty, and justice.

As a faith-based and non-profit organization, Presbyterian Homes has a responsibility to set a positive example. We are fully committed to good stewardship of our resources while protecting our environment and maintaining safe, healthy, and vibrant connections to one another.
